Harmon's Fine Oriental Poppies

These vivid colored flowers are becoming more popular every year. We offer new varieties that add dash and exotic beauty to your garden. Flowers are very large on tall stiff stems. Colors range from pure white through many shades of orange, pink and red, to wine-purple.

Consider their ease of culture, dependability for producing fine, large flowers, their hardiness and ability to thrive in almost all soils. They give large dividends for the little effort and time required to care for them.

These varieties have been tested and found very satisfactory. Strong growing, hardy and very desirable.

- BARR'S WHITE**—Large flowers of tall strong stems. Rich velvety sheen of pure white except at extreme base of petal. A very fine variety60
- BEAUTY OF LIVERMORE**—Early deep ox-blood red. Tall growing, 3 feet. Large flowers of fine texture.50
- ENCHANTRESS**—Large flowers of lovely soft lilac rose. Strong grower, free flowering and very desirable60
- HENRI CAYEUX IMPROVED**—Much larger flowers than Henri Cayeux but otherwise similar. The big blooms are peculiar tint of ashes of roses or an old rose shaded burgundy. If grown in light shade this flower really comes to perfection50
- HELEN ELIZABETH**—Tall growing with large flowers of pure LaFrance pink without spots. Strong grower50
- MAWSON**—Large lovely flowers of a beautiful geranium pink. Tall and lasting. 2 1-2 feet35

THE PLANTS WE SELL ARE GROWN FROM ROOT DIVISIONS

All are two-year-old field grown plants. They generally bloom the first year after planting and are very much superior to common seedlings usually sold at a cheap price. We guarantee them to be true to name and color.

- Complete cultural directions are sent with each order. Poppies like a well drained soil but they are not particular whether it is clay, sandy limestone or acid. Leaf mold, well rotted cow manure and bone meal are the best
- JOYCE**—Color of American Beauty Rose, cerise red with crinkled petals. Tall growing and outstanding .35
- MAY SADLER**—Geranium pink with black base. Very large and makes a compact plant35
- MRS. PERRY**—Tall growing, prolific bloomer of a beautiful clear pink. Very hardy.35
- PINK RADIANCE**—A beautiful soft pink. Large flower on strong stems. You will want this one50
- PURITY**—Soft pure pink without any spots or markings. Considered by many to be one of the best pink poppies. Large flowers and fine for cutting60
- SALMON GLOW (Double)**—A fine double salmon-orange not to be confused with Olympia. These flowers are exceptionally large, full eight inches across. A beautiful double salmon-orange. Strong upright growing poppy50
- WURTEMBERGIA**—Enormous. The largest of all poppies. Bright scarlet-red. Three feet and free-blooming50
- Any three 35c varieties postpaid for \$.90
Any three 50c varieties postpaid for \$1.30
Any three 60c varieties postpaid for \$1.60

Russel Lupines

Plant this fall for fine bloom next summer. One of the finest and most colorful border plants. Blooms June and July. Lupines should be planted deep, so the top of the crown is covered with about two inches of soil. They like sun but will thrive in partial shade. They like an acid soil. If your soil is not acid then you should work in about an eighth of a pound of common Epsom salts or aluminium sulphate around each plant.

SELECTED RUSSELL HYBRIDS—You will find in our reselected Russell Lupines, the same gorgeous colors, self blues, pinks, reds, yellows, maroon, purples, etc. Bicolors such as violet and white, blue and yellow, red and bronze, red and white, purple and cream, blue and white, yellow and orange, pink and white, etc. The standards one color, the keel another. Individual flowers above average size, upright standards of some being an inch across. The flower spike resembles a closely set, well round-ed column of sweet peas. All flowers on spike open at one time from top to bottom. Spike 3 to 5 feet tall. The sensation of the English horticultural world in 1937. WE OFFER FINE TWO YEAR, FIELD GROWN PLANTS.

60c each; 3 for \$1.35; 6 for \$2.25; 12 for \$4.00. PREPAID

All colors assorted. We do not have them in separate colors.

PHLOX

Rich colorful bloom July to September in the hardy border. Planted in the fall and mulched this winter with excelsior, will give them a good start for a fine show next summer. Phlox like a rich soil. Fertilize with cow manure or sheep manure. We offer fine field grown plants.

35c each, 3 for \$1.00, 6 for \$1.65, 12 fine
Plants for \$3.00 postpaid.

- CAROLINE VANDENBERG**—Large individual flowers of rich purple.
- DAILY SKETCH**—Extra large trusses, large individual florets. Color is light salmon-pink with crimson-rose eye. Viewed from a short distance the effect is a magnificent Rose Phlox. Daily Sketch is an outstanding variety. It is robust and rugged in growth and about 3 1-2 feet high.
- FIREBRAND**—Intense color of live coals of fire. Very showy and fine.
- HAUPTMAN KOEHL**—Tall rich red. Large flower heads and a vigorous grower.
- THOR**—Pure pink. Tall and large flower clusters. One of the best.
- TIGRESS**—New and Fine. Rich shade of red. Very prolific and showy. Tall and large individual flowers.
- VON LASSBURG**—Pure white, late flowering, very fast grower of medium height. Splendid for planting in masses. Few varieties equal its free-flowering habits. Free from any disease and can always be depended on.

THE HARMON NURSERY Prospect, Ohio

LILIES

The bulbs we offer are all large size and will give excellent flowers the first season. Price on all lily bulbs: 30c each, 3 for 75c, 6 for \$1.40, 12 for \$2.50 or 25 bulbs your choice for \$4.75 all prepaid.

HENRYI—A splendid garden plant, vigorous in its growth. One of the best border Lilies, reaching over 8 feet and more in height when established, and bearing more than 20 flowers of a rich, deep orange-yellow. Fine foliage. Does well in both light and heavy loam. August-September flowering.

WILLMOTTI—A tall, graceful Lily with slender foliage. Produces 15 or 20 flowers of a vivid orange red with recurved petals and numerous small brown spots. A very lovely variety, adapted for the garden but will need staking. July and August. 4 to 5 feet.

ELEGAN or RED RUSSIAN—Blossoms in June with large clusters. Color, burnt orange shading to red. Showy and free flowering. In partial shade the color is deeper. The plant in full bloom resembles a glorified azalea.

REGAL—One of the most beautiful. Likes a loamy soil and sunshine. Blossoms in July with large, white flowers, yellow throat. Back of petals is nearly pink. Very showy and easy to grow.

TIGERS—Large shapely flowers of rich salmon-orange dotted with black. Robust free flowering and easy to grow. Blossoms in August.

DOUBLE TIGERS—Double form of the tiger lily. Tall and showy. Hardy and easy to grow.

BLACKBERRY LILY—Beautiful little flowers on stem 18 to 24 inches tall. Rich flame orange with crimson dots. The seed clusters forming later are shining jet black and shaped like a blackberry, hence the name. Very hardy and desirable.

30c each, 3 for 75c, 6 for \$1.40

PHILLIPENSIS LILY—August to frost with large trumpets of pure white with light green throat. Tall showy and easily grown. Very hardy.

30c each, 3 for 80c, 6 for \$1.50, 12 for \$2.85

JUMBO TIGER LILY BULBS

Extra large bulbs of tiger lily for quicker effect. Selected for their large size.
